MATURE MINDS PLOTTED MURDER

Death of Ferdinand and Wife Planned by Austria's Foes.

OTHER MEANS READY

Shown that Bombs Would Have Wrecked Their Train Had They Escaped Assassins' Bullets.

London, June 30.—Every dispatch from Sarayevo and Vienna brought additional evidence that the assassination of Archduke Francis Ferdinand and the Duchess of Hohenberg was one of the most carefully planned crimes ever carried out against royal personages. Indications from the scene of the tragedy show that it was engineered by persons possessing more mature organizing ability than that of the youthful assassins. It is generally thought in Austria and Hungary that the plotters had their headquarters in Belgrade, the Servian capital.

Servian hatred of Austrians, which always has been violent, has been fomented b ythe newspapers in Belgrade and by agitators through Servia and Bosnia, who have helped to inflame the minds of the students and to induce them to sacrifice their lives in the belief that they will go down in history as patriots.

Archduke Francis Ferdinand, it is asserted, was well aware of the danger he was running during his tour of Bosnia which he undertook as inspector general of the forces of the Empire.

The Servian Minister at Vienna told the Archduke of the peril of his visit to Sarayevo at the present time and implored him, even if he insisted on going there himself, at least to leave the Duchess at home. When the Duchess of Hohenberg was informed, however, of the dangerous nature of the journey the Archduke was about to take, she said her place was at her husband's side.

The plans of the assassins contemplated, it is said, the blowing up of the royal train when the Archduke and his wife were leaving Sarayevo in case the attempt by Gavrio Prinzip failed. It was learned that several bombs were found along the Sarayevo railway over which the Archduke and his wife would have traveled.

Prinzip's own plans were carefully laid. He secreted himself behind a building at a spot where it was necessary for the Archduke's car to slacken speed. Some accounts of the crime say that Prinzip actually stood on the step of the ducal car as he fired the shots.

CHARGES BRUTALITY . . . .

Woman Socialist Says Officers in Kaiser's Army Have Driven Hundreds to Suicide.

Berlin, June 30.—Charges that hundreds of soldiers in the German army have been driven to suicide by the brutal treatment of their officers are causing the greatest interest here in the trial of "Red Rosa," a Luxemburg leader of radical socialists, who is accused of thus libeling officers of the army.

The woman's defense s in the hands of a noted counselor named Levy, who stated today that the court would be given records of 30,000 cases of ramy brutalities, and that 106 witnesses would testify to the truth of "Red Rosa's" charges.

Summoned before the Minister of War, Levy refused to appear, declaring his proofs would be submitted only to the court which is designated to hear the case against his client.

To Die in Chair.

Boydton, Va., June 30.—William Puryear, alias William Hunt, charged with attempted criminal assault on Mrs. S. F. Hite, of Mecklenburg county, was tried at a special term of the Mecklenburg Circuit Court and found guilty. He was sentenced to be electrocuted on August 7th.

President Wilson made it clear yesterday that he intends to fill the vacancy created by the resignation of Henry Lincoln Johnson, colored, Recorder of Deeds of the District of Columbia, with another colored man, notwithstanding the vigorous protests launched by many of the Southern Senators.

Carrying 10 men and lifting a total weight of 4,607 pounds, the America, Rodman Wanamaker's trans-Atlantic flying boat, left the surface of Lake Keuka at 7:29 last night, breaking the world's records for number of passengers carried in a flying boat.

Prof. Rex. R. Tanner, principal of the Weir (Kansas) High School, was killed and four others were injured in a fire which destroyed the Pittsburgh State Normal School with $150,000 loss yesterday. Mr. Tanner, who was taking a course in the summer school, was electrocuted by an electric wire, which fell upon him.

With an unusual demonstration, the House yesterday unanimously passed a bill to repeal a section of the Revised Statutes which prohibits the payment of accounts, claims or other obligations against the United States in favor of anyone who encouraged or sustained or in any way favored the "rebellion." The measure would open up claims of various kinds aggregating about $165,000 from West Point graduates who were afterward officers in the Confederacy.

Matina, the two-year-old daughter of Mr. and Mrs. Edward Powell, of Brunswick, Md., died yesterday morning in an automobile while being brought from Brunswick to Frederick to enter the hospital here. Mellen is charged with conspiracy, with being an accessory before the fact to larceny, and with conspiracy to steal in the indictments returned.

Relations between Greece and Turkey were further strained yesterday by the receipt of advices from Smyrna, telling of numerous outrages committed by the Turks against Christian Greeks in that district. Many villages once prosperous are now in ruins, the inhabitants either having fled or been murdered. Stories of murder and pillage are received daily. All business in the district is reported to be at a standstill, and 3,500 Greek refugees at Smyrna are existing on public charity. Foreign warships are now in Smyrna harbor and a British squadron is on its way there. Meanwhile Greek vessels are avoiding Turkish ports.

The Kansas wheat crop is 154,000,000 bushels, according to a report issued yesterday by F. D. Coburn, secretary of the State Board of Agriculture, showing the condition of winter wheat to be 9 per cent, of a full crop, based on an average of 8,873,000. The crop is 60,000,000 bushels greater than any previous Kansas crop. The condition of corn is given at 93.8 or 8.2 better than a year ago. The acreage is 5,500,000. The report says Kansas has 1,470,000 acres of oats, with a condition of 87.1, or 37.8 points better than at this time in 1913.

COMMITTEES ARE APPOINTED TODAY

Chairman Board of Trustees Selects Ten on Site and Plans.

READY FOR THE WORK

Efforts to Make Picnic at Luna Park July 4th One of the Most Interesting of Season.

Mr. Worth Hulfish chairman of the Board of Trustees of the Hospital, announced the following committees, which was authorized by the trustees:

Committee on Site—Robert S. Jones, James R. Caton ,Carroll Pierce, A. D. Brockett and W. A. Smoot, Jr.

Committee on Plans—G. L. Boothe, J. Y. Williams ,Arthur Herbert, Jr., W. A. Moore, Jr., and George D. Hopkins.

With the above committees appointed and subscriptions amounting to nearly $41,000 secured, the principal work of the Executive Committee is not only successful, but near its completion, but they request that the subscribers to the fund who have sent in their pledges to be paid during certain periods will kindly call on the treasurer, Mr. Arthur Herbert, care bank of Burke & Herbert, and arrange their pledges in commercial form so that they can be available in the purchase of land and the erection of the hospital.

There is no desire on the part of the committee to inconvenience or hurry the subscribers, but they as business men and women, readily comprehend the fact that paper in commercial form is available, while in the pledge form they cannot be immediately used.

It is further desired to impress the fact that the committee is not trying to hurry anyone in their payment, but desires them to remember that it is almost impossible for the treasurer to call upon everyone or to employ some one to do so which would mean an unnecessary expense and therefore everyone who will either write or call on Mr. Herbert will aid very materially in simplifying the collections and the arrangements of pledges add considerably to their subscriptions. The treasurer is a very busy man and has given time to the campaign, as every contributor must appreciate, and assistance rendered him will be highly appreciated not only by him, but by the Board of Trustees and Executive Committee.

It is impressed that no one is requested to pay their subscriptions until it is thoroughly convenient and agreeable to them, the only thing that is wanted is to have these various subscriptions in such shape that the hospital trustees can proceed to purchase the necessary land and contract for the erection of the building at the earliest possible date.

Every citizen of Alexandria is invited by the committee to go to Luna Park on the 4th of July. It will not cost a penny to get in the grounds and and they are not obliged to spend a cent after they get there, but it is hoped that everyone who goes will have a pleasant time. By going to Luna Park to spend the Fourth, all who do so will have a most delightful day in the shade, and under the magnificent electric lights at night, and if they desire a trip on the flying horses, which will cost 25 cents for five trips, or five dances, while they will aid the hospital fund to the entire amount of this sum. There is plenty of shade and cool water and an abundance of fun, which cannot be secured anywhere nearer the National Capitol at so slight a cost. It should be remembered that there is no charge for admission to the grounds and everyone should bring picnic baskets no matter how large or small, and the larger the baskets the more people they will bring, and if they have an overflow of baskets, they may find some of their friends who have forgotten to fill theirs.

Chairman A. D. Brockett this morning appointed the following committees to confer with the management of Luna Park in the different amusements to be offered on that day:

Committee on Drills—Captain F. L. Shaymaker, Lieut. H. N. Garner and Scout Commissioner Rudd.

Committee on Music—Wm. Desmond, W. S. Nicklin and Charles L. Fleet.

Committee on Athletics—Harry B. Caton R. H. Cox, Clinton Knight, Wm. P. Taylor, and Conrad Johnson.

Among the speakers at Luna Park no the Fourth of July from Alexandria are Robert S. Barrett, Walter C. Foster and Crandall Mackey. Others from Alexandria County have been invited and are expected. In addition several speakers of national repute will be present.

Carl Mushler, assisted by R. H. Cox, and Clinton Knight will have charge of the amateur sports. These gentlemen are actively at work in connection with the management of Luna Park and have only been held back by the Virginia Editorial Association taking possession of Alexandria last week. But Mayor Fisher has found the keys of the city and everything is en route for the hospital picnic on July 4th.

BAPTIZED STRAPPED TO COT.

Dunkard Minister Has Invalid Carried Into Stream.

Luray, Va., June 30.—Elder John A. Racer, of the German Baptist Church, solved the question of how to baptize a cripple who had been bedfast for several years. The mode of the German Baptist Church is immersion three times face forward. That the ordinance should be administered in accordance with the teachings of his denomination was considered essential. Elder Racer strapped Serenio Sours, the candidate for baptism, to his cot and the invalid was borne into the stream by the minister, aided by laymen of the church, and the ordinance was performed.

Boy Accidentally Killed.

Norfolk, Va., June 30.—John Chandler, 10 years old, son of C. F. Chandler, Maple and Chesapeake avenues, East Brambleton, was accidentally shot and instantly killed by William Psina, 10 years old, of Greenwich, Princess Anne County, a playmate of young Chandler, Saturday. The shooting occurred at an old plum tree on the edge of a ditch bank, 100 yards off the Broad Creek Road and about 200 yards beyond the first toll-gate.

Young Chandler, Psina and another playmate named Houchins were romping around the plum tree at the time of the shooting. Houchins, according to the testimony secured by Justice J. S. Carmine, who conducted the inquest, had brought a gun with him to kill a cat which had been bothering chickens on his father's farm.

Becoming tired of carrying the gun, he asked Psina to watch it a minute while he and Chandler romped over the field. Psina is said to have picked the gun up to look over it, when it exploded. The full charge of shot entered young Chandler's face at the nose, tearing off part of his face.

MAHOMETANS AND SERBS FIGHTING

Two Hundred Persons Reported Killed in Fierce Battles.

DWELLINGS BURNED

Scenes of Violent Outbreaks in Herzegovina Incident to Recent Murder of Archduke.

Budapest, Hungary, June 30.—More than 200 persons were killed and wounded in Mostar, Herzegovnia, today, in a desperate battle between Serbs and Mohammedan Craots, as a result of the assassination of Archduke Franz Ferdinand at Sarajevo, according to specials received here. Mostar is reported burning.

Special correspondents of the Budapester Hirlap in Mostar telegraphed that the Moslem Croats attacked the Serb quarter of the city, bearing banners inscribed "Death to the Murderous Serbs."

When the mob arrived at the outskirts of the Servian quarter hundreds of young Serbs opposed their progress and the fighting instantly began.

In recently every street, the dispatches say, battles raged. For a time the Serbs were victorious and the Moslems were driven back, but soon the alarm spretd and from all quarters of the city new hordes of Croats rushed into the battle. Men fell on every side and for hours the fighting was of the fiercest description.

In the middie of the battle, which raged from housetop to housetop along the principal streets of the Serb quarter, fire was set to the Servian houses. It was impossible to extinguish the flames and as the dispatches were sent they were raging so as to menace the whole of the Servian portion of the city. It was then believed that fully 200 were dead and wounded, but the battle was still in progress and nothing like definite estimate can be made.

Dispatches from a dozen other towns and villages throughout Bosnia today told of outbreaks between the Moslems, who favor Austrian domination, and the Servians, who detest it and who regard the killing of Archduke Franz Ferdinand as an act of patriotism.

How serious these outbreaks are has not yet been ascertained, but it is believed that hundreds will have perished before the conflict between the Moslem Croats and the Christian Serbs is done.

BATTLE IN WILERNESS.

One Killed And Three Wounded Near Harts Run.

Lewisburg, W. Va., June 30.—Carl Hoke was killed, his father Theodore, mortally wounded, and Sheriff Lincoln Cochran, and his deputy George Sparks, were seriously hurt in a battle, which lasted almost all of Sunday, five miles from Harts Run ,More than a year ago the Hokes were convicted in Greenbrier county of robbing freight cars and sentenced to the penitentiary. Before they could be removed they escaped from the county jail, and were not located until last week, when the Circuit Court called on Sheriff Cochran, of Pocahontas county, to take them. The men were entrenched in a cabin in the heart of the wilderness, and fought until both were shot down. Jessie Hoke, who was with them, escaped.

RACE HATRED STIRRED.

Both Assassins From Servia and Feeling Toward Country Gains in Bitterness.

Vienna, June 30.—It is feared that the tragedy Sunday at Sarayevo will still further embitter the none too friendly relations existing between Austria and Servia. Both the youth who fired the fatal shots and the bomb thrower are Servians, with close associations with Belgrade. The bombs also came from Belgrade.

It is likewise remarkable that the first news of the assassination received at Budapest came from the Servian capital.

Many vague rumors are in circulation regarding Servian complicity in the assassination of the Archduek, but it is difficult at the present moment to estimate their accuracy.

The two chief criminals are intense Servian chauvinists, but there is no satisfactory evidence regarding their accomplices or originators of what is declared to have been a widespread and completely organized conspiracy.

Ever since the Archduke's journey to Bosnia was first announced the authorities have received warnings from various quarters that it was inadvisable for him to visit Bosnia at the present time. It is said that even the Servian Minister at Vienna made private representations to this effect.

HUERTA'S END DRAWING NEAR

Believed that Anarchy and Bloodshed Will Soon Prevail.

BRITISH WILL LEAVE

Dictator Recalls Troops Guarding Railroad to Vera Cruz to Guard Mexican Capital.

Vera Cruz, Mexico, June 30.—Revolt of the federal troops in Mexico City, the downfall or flight of General Huerta, and outbreaks of bloodshed and anarchy in the capital were freely predicted here today by refugees from the interior.They said that never since the death of Madero has the tension in Mexico City been so great and prophesied that the explosion may come within a week.

Uneasiness among the native population and among Huerta's soldiers in the capital, the refugees say, is spreading fast. Reports are coming in from the west that federal soldiers are deserting to the constitutionalists in many places, and hourly the impression has grown that Huerta's star is near its setting.

Mexico City, June 30.—Sir Lionel Carden, British minister, has advised all British subjects temporarily to leave Mexico. He said the shortage of fuel used in the operation of trains was becoming more acute daily, and that the trains probably soon would stop running, which would make difficult the departure of persons in the interior.

Sir Lionel said he believed it to be his duty to urge all British subjects to leave the capital immediately. He especially advised that the women and children be removed.

Eight hundred British are registered at the degation as now residing in Mexico City.

Britishers lacking funds to enable them to get out of the country will be furnished with money by the legation as a loan.

Niagara Falls, Ont., June 30.—Mediation is in a most complex state. Its principals are undecided whether to adjourn formally or to recess and renew their efforts through the American government toward bringing the Constitutionalists and Huerta delegates into conference for the settlement of Mexico's internal problems. While the signing of the series of protocols covering various phases of the international situation has brought forth confident expressions from some quarters here that mediation has been a success, skepticism has arisen among others vitally connected with the proceedings as to whether anything of value actually has been accomplished.

That war has been averted is generally admitted, but of the actual pacification of Mexico, few here see any visible signs of progress.

The protocols already signed set forth in effect the conditions under which the United States will recognize a new government in Mexico. Everything, however, is conditioned on the establishment of a provisional government, which must be the result of an agreement between the two warring factions. These have not yet been brought together. Some of the mediators doubt if they even will be.

GREATER FOURTH OF JULY.

Plans for National Celebration in Philadelphia Next Saturday.

Philadelphia, June 30.—Governors of the 13 original States are expected, and representatives from those States, at any rate, will be entertained in Philadelphia on July 3 and on the Fourth—the first truly national celebration ever arranged for. This was announced at a meeting of the Citizens' Committee of the Greater Fourth, held in the Hotel of Adelphia.

Aside from the presence of President Wilson, Philadelphia is to enjoy visits from Congressmen representing States East, West, North and South, many of whom will speak at sectional celebrations on the Fourth. Governor Stuart will appoint two Virginians to be present on the occasion.

Although an invitation was extended by the Episcopal Diocese, following a meeting at Church House, asking that the President of the United States attend services in Christ Church and occupy the George Washington pew, this cannot be accepted, as Mr. Wilson's hurried itinerary will not permit it.

Ample funds are on hand for the entertainment of the city's guests or will be by July 3, it was stated last night. All business associations and the large stores have contributed generously and handsome treatment will be accorded the distinguished visitors. They will see Independence Hall, Valley Forge in the afternoon, and will die with about 30 Philadelphians at the Adelphia Hotel on the evening of the 3rd.

FINED AND IMPRISONED

Harry Hampler is Assessed $300 and Will Serve Thirty Days in Jail.

The trial of Fred. Reh, Leslie Irwin and Harry Hampler, all of Washington, charged with shooting Maggie Jefferson, a colored woman on April 23rd, was commenced todsy in the Corporation Court with Judge Louis C. Barley presiding. A special jury was summoned and the men plead not guilty to the charge.

The prosecution was conducted by Samuel G. Brent, Commonwealth's Attorney.

According to the statement of the police, the three men were occupants of an automobile and in a wild ride through the streets of Alexandria, discharged their revolvers at passers-by. The Jefferson woman, who resides in Washington, was waiting for a car at the corner of King and Washington streets when she was struck by a bullet fired from the machine.

Reh and Hampler are represented by Attorneys Louis N. Duffey, and R. C. L. Moncure, and Irwin by Attorney W. C. Balderson, of Washington.

The defense put no witnesses upon the stand.

The case was given to the jury shortly after two o'clock this afternoon.

After having been out about an hour the jury which considered the charge against Hampler brought in the following verdict:

"We the jury, find the accused guilty of assault and battery and fix the punishment at thirty days in jail and a fine of $300."

The cases against the others were continued until July 14th.

ECHOES OF LATE STORM

Buildings Damaged, Trees Uprooted and Other Damage Reported Sunday.

The storm which broke over this city and vicinity on Sunday afternoon and which continued at brief intervals until nearly midnight, was more severe in parts of Fairfax county than in this city. In some places all the trees surrounding residences were prostrated, and windows were smashed by the wind and hail. People who have since come to this city from nearby places give thrilling accounts of their experience. So far as can be learned, however, no one was seriously hurt during the disturbance.

In parts of Maryland a short distance below Alexandria the wind assumed cyclonic vellocity. In the neighborhood of Piscataway some trees were twisted from the ground and hurled into the creek.

Many motorboats from Alexandria and Washington carrying private excursion parties were on the river shortly before the storm broke. The boats were in most cases brought to the shore and made as secure as possible, but the lines were snapped by the fury of the wind, while some soon filled with water. In nearly all cases the occupants landed before conditions became dangerous.

Some excursionists were compelled to remain where they were until yesterday, and boats were being brought up the river late yesterday.

Members of a party of young people, chaperoned by Mrs. Champ Clark, wife of the Speaker of the House, arrived in Washington yesterday morning from Fort Washington, and told of a thrilling experience they went through during the fierce electrical storm of Sunday night. Practically all of the early part of Sunday night they were marooned in a freighthouse on the wharf at Fort Washington.

From there they saw the government motor launch Wilhelmina, which was to carry them back to Washington and from which they had just escaped in advance of the coming of the storm, keel over on its side and ship water in such quantities that its crew was compelled to beach the boat in order to make it safe.

All the telephone and telegraph wires were blown down in the vicinity of Fort Washington. After Captain Sevier had made arrangements to care for his visitors during the rest of the night, a man was sent across the Potomac in a small boat and dispatched post haste, astride a mule, for Alexandria. From this city he advised Speaker Clark that all members of the party were safe. They returned to Washington yesterday on a lighthouse tender.

THEN AND NOW.

Extract From the Gazette of Fifty-Eight Years Ago.

HEALTH—Our physicians report that Alexandria was never more healthy than it is at this time. Indeed, the general health is so good as to be absolutely distressing to those whose profession is to endeavor to make sick people well.

This is from the Gazette's locals of June 30, 1856, fifty-eight years ago today. Only a few days before the Gazette quoted the Rev. James T. Johnston, rector of St. Paul's Episcopal Church, one of the largest churches in the city, as saying that he had officiated at only one funeral in six months, and the death was the result of an accident.

ALEXANDRIA IS WIDE AWAKE.

The press of the state has been speaking in most complimentary terms of the enterprise shown by the people of this city in preparing an entertainment for the Virginia Press Association which exceeded anything that the editors have received in other communities, not excepting the capital of the state. George O. Greene, president of the association, is the editor of the Clifton Forge Daily Review, and in last Saturday's issue, under the heading of "Alexandria Is Wide Awake," he published the following editorial:

"The meeting of the Virginia Press Association held in the city of Alexandria recently, had the effect of dispelling the idea entertained by so many people that Alexandria is a slow, sleepy community, living off the glory of its past and the money that comes from the capital city of the nation so close by It is true that Alexandria is a city of historic interest. In a building that still stands and is in a good state of preservation, plans were laid for the formation of the American government and all through the ages men of great distinction either lived in or near Alexandria or else frequently visited in that city. Alexandria still retains many of its quaint buildings and some of the streets that were oddly paved years ago still remain, but it is proper to say that there is a new Alexandria with new homes and new stores and factories and industries of every kind and streets as up-to-date as can be found in any city.

"The visiting editors also discovered that Alexandria is a city of push and grit and hustle, as well as a city of hospitality and brotherly love, for at no time in the history of the Virginia Press Association have the newspaper men been so royally entertained and provided for as in the city we have named. The editors found themselves participants in a continuance performance from the hour of their arrival until their departure and not a few found it difficult to say farewell. Alexandria is a city of nearly 20,000 population. Counting the people who live in the suburbs, all around the city the population is far in excess of the figures we have given and on all sides there are evidences of future growth. That city is blessed with splendid railway and steamboat facilities, its water supply is of the best and the street car system equal to that of the larger cities in America, trolley lines extending far into the country in every direction.

"Mayor Fisher, the members of thh Chamber of Commerce, and all of the business men gladly entertered into the spirit of the occasion and hospitality abounded in every nook and corner. The visiting editors, however, are deeply indebted to Mr. Robert S. Barrett, editor of the Alexandria Gazette, and Mr. A. J. Wedderburn, editor of the Alexandria Times, for having first invited the association to meet in their city and the attention shown their guests at every turn. It is impossible to repay in words of appreciation or otherwise the two Alexandria editors for the many sacrifices they made in looking after the comfort of the visitors."

CALAMITY HOWL IS REFUTED.

Today marks the close of the first full fiscal year under the Democratic Administration. Figures made public show that up to and including last Saturday the Government's receipts were $694,505,007.23, as against $699,084,417.60 for the corresponding period of the last fiscal year.

Today will add heavy receipts, especially in corporation and income tax assessments, which are delayed until the last moment. Receipts for corporation and income taxes aggregated $6,627,566.24 Saturday, making the total collections from those sources for the year up to that date $32,285,686.87. The Treasury Department estimate of the amount to be derived from those taxes is $75,000,000, and, with the experience of last year repeated, the final day for payment will bring in half the total assessments.

Figures, including Saturday's receipts, show that the amount of money collected from customs was $290,891,266.65, against $316,338,572.03 last year for the corresponding period. The internal revenue collections from ordinary sources so far this year agregate $306,267,126.87, compared with $303,560,624.98 for the preceding year. From miscellaneous sources the receipts were $57,210,207.42, against $50,651,588.54 for last year.

Mrs. Thomas Winchell, twenty-seven, and Glenn Davis, fourteen, were instantly killed, and Thomas Winchell probably fatally injured yesterday morning when their buggy was struck by a fast train on the Erie Railroad, near Warren, Ohio.

TO THE OWNERS OF DOGS.

The law of the city makes it the duty of the Mayor to give public notice to persons owning or harboring dogs to come forward and take out license for the same from the City Auditor or be reported and fined upon failure to do so.

The license law requires this tax to be paid before July 1, 1914. The law also requires that the tag shall be worn on the collar of the dog. This is a requirement that can and must be complied with. The policemen are expected and are directed to report to the police court the owners of all unlicensed dogs. The license on each dog regardless of sex is ($1.50) One dollar and fifty cents.

Recovered from Lung Trouble—Now Insured

Insurance companies will not accept any one affected with Lung Trouble. When you know a man who has been afflicted and who later has been insured, such action means that the policy-holder must be in a very good state of health. Cases have been reported when Lung Sufferers, after taking Eckman's Alterative, a remedy for Throat and Lung Troubles, have successfully passed the medical test of insurance companies. Read this case:—

237 Dean St., Brooklyn, N. Y.

"Gentlemen:—About a year and a half ago I noticed that my health was rapidly failing. I was troubled with night sweats, a severe cough and was very weak; having, in fact, absolutely no ambition whatever. About this time I consulted a physician, who told me my lungs were affected. Not satisfied I went to another doctor, who, after examining me, said that I was in the first stages of Lung Trouble. At this point I started to take Eckman's Alterative. The night sweats stopped almost immediately, my cough became looser and gradually disappeared. My weight is now 142 pounds and my physician has pronounced me perfectly sound—which, together with the fact that I have just been accepted by two different insurance companies for insurance, makes me sure of my entire recovery by Eckman's Alterative."

(Affidavit) W. E. GEE.

(Above abbreviated; more on request.)

Eckman's Alterative has been proved by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists

Tee Up! Smoke Up!

As satisfying as the sounding smack of the perfect drive, is the open-air relish of the perfect smoke—Tuxedo. Both go together, too. When you grab your bag and start for the links, grab up your tin of Tuxedo and take it along.

"Follow through" the snappy afternoon with Tuxedo. Put Tuxedo in your pipe and you will *"put"* the best. And at "the nineteenth hole" rest up and relax with a good, solid smoke of Tuxedo. That's the advice of good golfers everywhere.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

It's worth *your* while to *try* Tuxedo. Especially if a sensitive tongue prevents pipe smoking.

Tuxedo positively *cannot bite*—not even if you smoke pipeful after pipeful, as many as you can crowd into a day or a week.

Tuxedo is made of only the finest, choicest, selected leaves of perfectly aged Burley tobacco. It is made by the original "Tuxedo Process" which removes *every trace* of *bite* and *sting* and develops *all* the wonderful mildness, fragrance and flavor of the Burley Leaf in a way that no other brand of tobacco has ever successfully imitated.

WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my housework.

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more and I don't have to go to bed. In fact I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you At all druggists.

KILLED IN TILT OVER SADDLE.

Virginian Shoots His Cousin for Whom he Worked.

Roanoke, Va., June 30.—Dode Shively shot J. R. Shiveley Saturday in Franklin county, Virginia. The injured man died Sunday morning.

Dode Shiveley worked for J. R. Shiveley. During the day he had been up in the mountains, using a saddle belonging to his employer. Upon his return he was upbraided for damaging the saddle. It is said J. R. Shiveley struck Dode with a rock, who then shot him in the lungs The injured man was taken to his home and surgical aid summoned.

The dead man was a cousin of the man who shot him. Before his death he made a statement exonerating Dode of all blame. He said he lost his temper and picked up a rock and that Dode shot as he advanced. Dode Shiveley has not been arrested.

Luray, Va., June 30.—After searching 17 years for her mother, despite reports that she was dead, Miss Emma Wilhelm, of this county, has located her parent at Monkton, Md., through correspondence between the Rev. Dr. Henry M. Wharton, of Brantly Baptist Chruch, Baltimore, and Mrs. Albert Nichols, of this county.

When an infant Miss Wilhelm was removed from a Baltimore orphanage and given a home at the Whosoever Farm, near Luray, Va., Dr. Wharton at the time being president of the institution. Miss Wilhelm was later placed with the family of a physician here When she grew up she began a search for her mother, which terminated happily last week.

DECIDED AGAINST ROLLER.

U. S. Supreme Court Renders Decision for Defendant in Suit for 52,000 Acres.

Winchester, Va., June 30.—A decision involving 52,000 acres of Rockingham and Augusta Counties in Virginia and Pendleton in West Virginia has just been handed down by the United States Supreme Court. The decision was in favor of Mrs .Mary Murray and against General John E. Roller, who was suing for a one-fifth interest in the lands.

The case is one that has been threshed out in both State and Federal courts. About fifteen years ago when the lands were in litigation General Roller made an agreement with Miss Emily Hollingsworth, as her attorney ,to recover the tract for one-fifth of its actual value.

General Roller recovered the title for Miss Hollingsworth, but was never paid his fee. In 1890 the tract was conveyed by Miss Hollingsworth to George A. Wheelock . Default was made in payment and the tract was then sold to Mary H. Murray a niece of Mrs .Hollingsworth ,and afterward to the Chesapeake Western Railroad. General Roller then brought suit for $30,000, which was one-fifth of the amount for which the lands were sold to Wheelock.

The Circuit Courts of Rockingham and Pendleton Counties held that the contract was unlawful. This opinion was affirmed by the Supreme Courts of both West Virginia and Virginia. General Roller then appealed to the Supreme Court of the United States. Mr. Justice Holmes granted a writ of error last April. The question of the legality of contract is within the jurisdiction of the State courts and is not within the province of the Federal court to determine, according to the opinion just handed down.

General Roller appeared as counsel before the United States Supreme Court in his own behalf and was assisted by H. W. Wyant. The defendant was represented in the Supreme Court by Major Holmes Conrad, of Winchester and in the lower courts he was associated with Conrad & Conrad, of Harrisonburg.

BOY BANDITS ARM FOR WAR

Knives and 900 Rounds of Ammunition on One; 500 on Other.

Reading, Pa., June 30.—Matthew Jankowiak, sixteen years old, and Martin Coogan, fourteen, were arrested by the police here while making their getaway upon being surprised while robbing the hardware store of J. D. Hafer . They gained entrance by forcing open a rear shutter, but the light left burning in the store revealed their presence to some one outside. The police were notified and the place was surrounded.

When searched 900 rounds of ammunition were found on one of the boys, and about 500 rounds on the other, in addition to a lot of pocketknives, etc. Both had flashlights. They were evidently after firearms.

The search also revealed a lot of cheap jewelry and trinkets, which the lads admitted having lifted during the rush hours in Penn street stores. It is believed that they have been connected with several other robberies.

They were taken to jail, and will likely be sent to the Huntington Reformatory.

The sale of fireworks, firecrackers, or other explosives is prohibited in Washington. Fireworks only can be set off at public celebrations.
